## FROM THE PRINCIPAL'S DESK

*“To lose patience, is to lose the battle.” ~ Mahatma Gandhi*

*Rome was not built in a day. This famous proverb has always been a landmark quote to help understand the importance of being patient. As we move on with the academic session, it is observed that a number of challenges in the form of health issues, academic concerns, learning gaps, etc. is being faced by parents, students and mentors. The two years of pandemic has shown the world that adversity can teach us the impossible. It has made us more digitalised and has brought the world closer to our homes. Along with the benefits, the pandemic had numerous minuses especially from the academics point of view. With almost two years of online classes, unsynchronised lessons and no appropriate daily routine most of us are coming in terms of the challenge that all had known might occur but did not realize would look like this, until now. For a child, education is a continuous process and gaps or intervals of any duration is detrimental. Hence all stakeholders are requested to avoid taking any kinds of unnecessary breaks for vacations, outings or functions to avoid widening of the gap already caused by the pandemic. All are also implored to be patient and help school assist students work consistently towards excellence. School expects parents and teachers to team up to help the child recuperate the loss suffered during the last two years. Handwritings will improve, slow writers will start writing promptly and academic excellence will be achieved but not in a day. Till then, let's all be patient and give the child the time to deepen their roots and spread their wings under the protective and supportive care of parents, teachers and school. Have an amazing August!*

*Thank you,*

*Regards,*

# STUDENT'S CORNER

The day I was born,  
You held me in your hands  
You love me the most  
You saw yourself in me.

You bath me when I was young  
A lullaby for me you sung  
To put me to sleep  
Although I was mischievous.

You have always been the best  
You will be the best  
You hit me for not waking up and later worried,  
'Cause you want me laugh

You sacrificed many things.  
You bought me everything I want  
Only to make me a good personality  
With good values.

## CURIOSITY, ANXIETY & IGNORANCE

Curiosity - the eagerness to learn something new, something we are still yet to know about. Anxiety, another word that rhymes with curiosity and often taken together with curiosity.

But.....there lies a fine line between them.

Anxiety is the feeling of fear, fear of something that is yet to happen in future. The consistent fear of what will happen in the next moment, often associated with the phrases "What if I fail?", "What if I am not able to do this thing and everyone will judge me?".

The negative feelings that accompany these phrases is anxiety while on the other hand curiosity has no negative feelings associated, there's just excitement and eagerness with it. While curiosity leads to learn something new, it does not happen always. When you start thinking that you've learnt enough, you've gained enough of knowledge, the feeling of curiosity fades away. When you start thinking "I know everything", "There's nothing else I need to know", Ignorance starts replacing curiosity. You tend to ignore everything you get from others.

As a result you will no more learn anything and.....when you stop learning you stop growing.

Therefore, you should always be curious and keep ignorance at bay.

***“A Leader is one who knows the way, goes the way and shows the way.” ~John C Maxwell.***

***The Student council for the academic session 2022-23 was formally bestowed these powers to its newly elected School Council leaders in a glittering Investiture Ceremony. The programme was cheerfully anchored by Ms Chetana VR and Master Akshan Girish under the guidance of Ms Aishwarya. The crowd was welcomed by Master Meesala Sohan of Grade 5. The programme started with an Invocation song by the students of Grade 5 trained by our Music teacher Ms Lalitha. The objective of the programme was given Mr Nagesh, Sports Incharge who edified the nominated leaders about their roles and responsibilities. It was followed by the main event of honouring of the badges to the nominated leaders. The house mistresses Ms Radhika (Ruby House), Ms Ishita (Topaz House), Ms Srujana (Emerald House) and Ms Debalina (Sapphire House) delightfully announced the names of the House Captains while the Sports Faculties Mr Nagesh and Mr Harish announced the names of the School Captain and Vice-Captain, Sports Captain and Vice-Captain and Discipline Captain and Cultural Captain with pride and excitement. Looking resplendent in their uniforms, each council member then took the oath. The Oath was bestowed by Principal Mrs Ratula Saha. The pride and sense of dedication in their voices was palpable. Mr Ramesh Kumar, Correspondent, NLLIS, encouraged the newly appointed members of the student council with his motivational words urging them to take on the roles and responsibilities of a true leader with sincerity and integrity thereby becoming true role models for the other students. All the student leaders pledged to execute their duties with utmost diligence. The Students of Grade 4 and 5 filled the environment with charisma by their graceful semi-classical dance performance. The audience then witnessed the Parade by the students of Grade 6 to 10 who marched confidently as a team under the leadership of their new leaders. Emerald House was announced as the best in Marchpast by Mrs Jansi Rani, President, NLLIS. Ms Belita of Grade 5 proposed the vote of thanks. The programme ended with National Anthem.***

# **IDEA CAMPAIGN** (19.07.22)

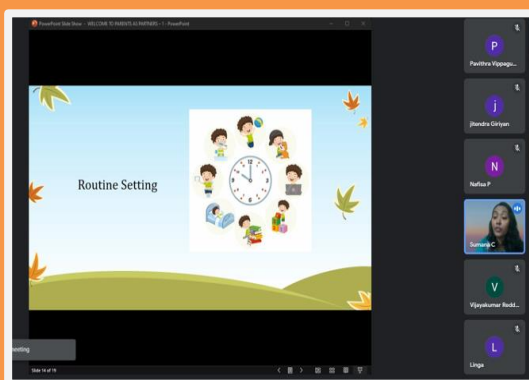

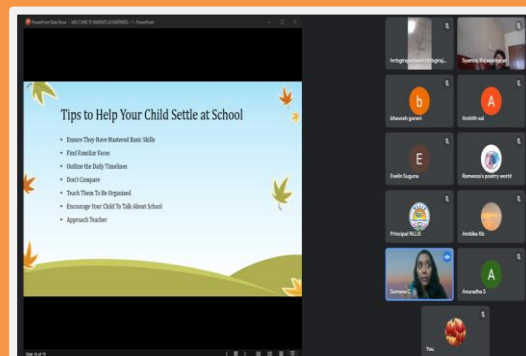

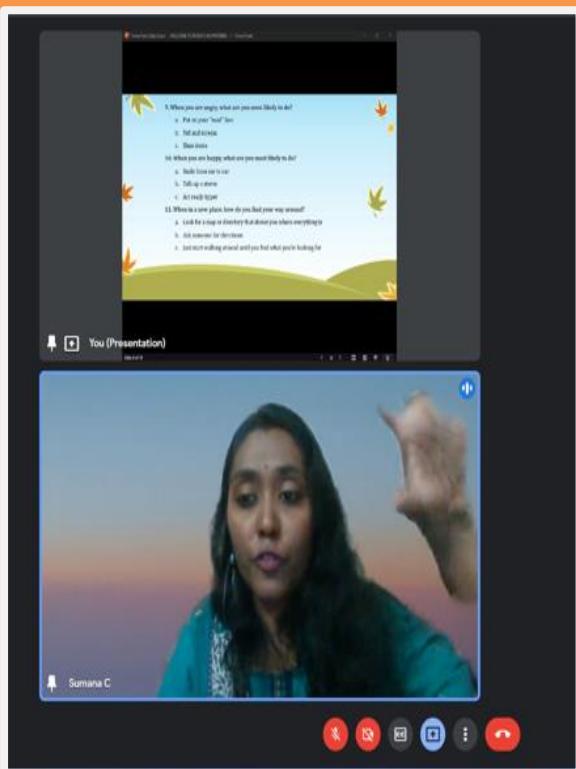

**“Be less curious about people and more curious about ideas.” Children’s mind is a warehouse of ideas that needs a platform to showcase themselves. An Idea Campaign was held in the campus on 19th July 2022. The students enthusiastically participated in it and presented their ideas that could help the society and the world to become a better place. The best ideas would be nominated for INSPIRE AWARDS – MANAK by Department of Science and Technology.**
